Limassol, Cyprus | P: +357 97839738 | [Email](#) | [LinkedIn](#) | [GitHub](#)

## EXPERIENCE

**WORDPRESS DEVELOPER – IRONFX - Limassol, Cyprus**     *November 2022 - Present*

Worked on building and maintaining websites for various Forex companies
Collaborated with a team of other developers to produce the best results possible
Mainly used Wordpress and Elementor, but also used custom HTML and CSS code in places where it was necessary
Used Javascript to troubleshoot more difficult-to-solve technical errors

**WEB DEVELOPER – EUGENE GLOBAL - Limassol, Cyprus**     *May 2022 - November 2022*

- Worked on building websites for 3 Erasmus+ projects
- Collaborated with various European companies in getting feedback and improving the websites
- Participated in many international meetings discussing the progress of the projects
- Mainly used Wordpress and Elementor, but also used custom HTML and CSS code in places where it was necessary

**ROAD SIGNS QUIZ - [Link](#)**

- Created a web app to quiz yourself on the 661 road signs found mainly in the UK and Cyprus
- Organised a team of 4 students from CUT to get feedback/improve the look and feel of the site
- The technologies used in this project are ReactJS for the build, GitHub to store, host, and serve the website, and jsDelivr to deliver the road sign images to the site
- Helped 3 friends pass their driving exam by strengthening their knowledge of the road signs
